

INSTITUTIONAL DISTINCTIVENESS 2018 – 19

The distinctiveness of the institution remains the same as published earlier. Just present the activities of the year that support the distinctiveness of the year is noted below. The college in line with the mission statement of giving the rural youth as introduced various programmes over the years, to meet changing needs of the industry and the community around. The development of spiritual qualities in students is continuing as primary importance. The institution realised that just by imparting knowledge we cannot build a complete human being. It needs imparting moral and ethical teaching that will enable the learners to apply their minds in the right direction. The college is known for its discipline. We interact with parents at the time of admission, parents meeting for those students who are having short attendance, distribution of mark sheet etc., The following activities help the institution to be distinctive:

1. The college begins the day with prayer - the college choir under the leadership of campus minister Fr. Dr. Solomon Rodrigues who is minister to the whole community of students through common announcement system, song and prayers and thought for the day always keep the mind of students fresh.
2. Irregular students list is published by departments at periodical intervals and parents of the children are called on a specific day. Interaction with them is done in groups and counselling for children also is conducted.
3. Parents are invited on the day of distribution of results - teachers interact with them and inform them about their wards academic performance.
4. The college conducts different programme for the benefit of morale and overall personality building, such as:
